[2025-2026] CATALOGUE

Who are we? What do we do?

BITMAN is an integrated manufacturer and R&D-driven brand dedicated to providing professional solutions and premium tooling products for screwdriver users worldwide. Leveraging advanced engineering and stringent quality control, we deliver exceptional durability and performance that redefine industry standards.

Product Excellence

Our screwdriver bits, precision screwdrivers, extension bars, and modular tool sets far exceed market standards in quality and longevity. Rigorously tested, these products offer a lifespan 4-10 times longer than those of leading global brands, yet are priced at merely 50%, 33%, or even lower price points. This unparalleled value proposition ensures cost efficiency without compromising reliability, making BITAMAN the optimal choice for both high-frequency industrial use and budget-conscious applications.

Portfolio Segmentation

To address diverse user needs, our product lines are strategically categorized into three tiers:

GENERAL: Engineered for DIY enthusiasts and casual home maintenance.

PRO: Tailored for professional tradespeople, including electricians, plumbers, carpenters, and general contractors, offering enhanced durability for daily demanding tasks.

ULTRA: Designed for heavy-duty industrial assembly, maintenance, and precision repair in sectors such as machinery manufacturing, appliances, and consumer electronics.

Global Collaboration

BITMAN is committed to empowering tool users across residential, commercial, and industrial domains through innovation and accessibility. We anticipate collaborating with partners across global markets to establish long-term, mutually beneficial partnerships that drive operational efficiency and sustainable growth.

BITMAN — Where Engineering Precision Meets Unrivaled Value.

DIAMOND TIP BIT SERIES

The Diamond bits are ideal for serial screw connections and provide for effortless working. Made of S2 steel. The torsion zone of the bits provides for over-average tool life also with most extreme requirements.

The diamond coating provides for best torque transmission and reduces the cam-out effect during tightening. 1/4" C 6.3 shank.

Brand Strategy

GEINXURN (online) and BITMAN (offline) are two brands driven by one powerful strategy. This dual approach proves that deep specialization can unlock substantial potential, even in a mature field like fastening tools.

The secret lies in our focus. By applying it to every step—from R&D to branding—we gain superior expertise and a true understanding of our customers. This means we deliver innovations that the market actually needs, providing a clear advantage for our partners.

BIT LEADER.
NEVER FOLLOW

GEINXURN × BITMAN

□ FASTER □ STRONGER □ LONGER

General Pro Ultra

BITMAN is an integrated manufacturer and R&D-driven brand, dedicated to delivering professional solutions and premium tooling products for screwdriver users worldwide. With advanced engineering and strict quality control, our tools offer exceptional durability and performance that set new industry standards.

Product Excellence

Our screwdriver bits, precision screwdrivers, extension bars, and modular tool sets outperform market standards in quality and longevity. Rigorously tested, they last 4-10 times longer than top global brands—yet cost only 50%, 33%, or even less. This unbeatable value means you get reliable tools without overspending, making BITMAN perfect for both frequent industrial use and budget-friendly needs.

Portfolio Segmentation

To fit different user needs, our products are divided into three tiers:

- **GENERAL:** Ideal for DIY lovers and casual home repairs.
- **PRO:** Built for professionals (electricians, plumbers, carpenters, contractors) needing extra durability for daily tough tasks.
- **ULTRA:** Designed for heavy-duty industrial assembly, maintenance, and precision repairs in machinery, appliances, and consumer electronics.

Global Collaboration

BITMAN is committed to empowering tool users across residential, commercial, and industrial domains through innovation and accessibility. We anticipate collaborating with partners across global markets to establish long-term, mutually beneficial partnerships that drive operational efficiency and sustainable growth.

BITMAN - Where Engineering Precision Meets Unrivalled Value.
